STOCKS WEAK AT NEW YORK

President Cleveland's Anti-Trust Talk Was Used to Hammer Industrials.

Money Was Aise in Demand and Rates for Call Loans Went Up to 50 Per Cent .- Jobbing Trade Active at Indianapolis.

MONEY, STOCKS AND BONDS.

Industrials Weak on Account of Cleveland's Utterances on the Trust Question, At New York, yesterday, money on call was active and higher, ranging from 8 to 50 per cent., the last loan being made at 50,

closing offered at 50, with 30 bid. Frime mercantile paper, 6 per cent. Sterling exchange heavy, with actual business in bankers' bills at \$4.85@5.8512 for sixty days and \$4.87@4.87% for demand. The total sales of stocks were 312,000 shares, including: Atchison, 3,800; Chicago. Burlington & Quincy, 13,700; Chicago Gas, 9,700; Distilling, 5,000; General Electric,

4,100; Louisville & Nashville, 5,000; Miasouri Pacific, 4,800; National Lead, 6,000; National Cordage, 10,200; New England, 17,300; Northern Pacific preferred, 12,400; Reading, 79,300; Richmond Terminal, 6,600; Rock Island, 4,700; St. Paul, 18,300; Sugar, 32,300; Union Pacific, 3,600, Western Union, 10,900. The New York stock market yesterday was

weak from start to finish. The rallies that pecurred were of short duration, and lower prices followed in every instance. Final quotations, as a rule, were at or near the lowest point of the day, and showed losses ! pt 1/2 to 31/4 per cent. from Saturday's clos ing tigures. The industrials led in the downward movement, owing to the emphatic declarations against the trusts by President Cleveland in his inaugural address. The market was also influenced by advices from the West of growing discontent among railway employes and the likelihood of a strike as well as by the stringency in money. The heavy efflux of currency to the inferior, the continued shipments of gold to Europe and the loss in the bank reserves enabled lenders to exact high rates from those requiring funds. The rates for call loans ranged from 8 to 50 per cent., but the bulk of the business was at 12/20 per cent. The apprehension that borrowers will have to pay high rates for at least some days to come induced free selling of stocks for both the long and short accounts. In the case of Reading the decline was accelerated by reports that certain of the toreign holders and their friends here had secured the co-operation of a leading banking house to press an investigation into the McLeod management. New England was sympathetically affected and also felt the influence of the negotiations said to be in progress for the acquirement of the Boston & Maine by the New York. New Haven & Hartford. Consolidated Gas and American Sugar scored the greatest declines-31/2 and 31/4 per cent. National Lead yielded 242, preferred 3, National Cordage 34, American Cotton Oil 1%. Manhattan 21/2. Reading 2 and New England 1%. In the general list the losses were 1/2 to 11/2 per cent. The market closed weak in tone.

Railroad bonds were also weak. The pales were \$1,8.5,000. Chicago & Erie incomes broke from 41 to 354, and General Electric debentures from 97% to 9312. The last named were influenced by a report that the Thompson-Houston management would retire. Boston, Housatonic & Western fives declined 14, to 194; Minneapolis & St. Louis equipment fives, 2, to 114; Northern Pacific consols fives, 14, to 674; Peoria & Pekin Union seconds, 2, to 78. The Reading issues were heavy, scoring net losses of 1% to 2% per cent. The transactions in Chicago & Erie incomes (\$338,000) were exceptionally large.

Government bonds were steady. State bonds were dull. Closing quotations were: Four per cent. reg. 1112 Louis. & Nash.... 75 Four per ct. coup. 1212 L. & New Albany. 2234 Pacific 6's of '95...105 Missouri Pacific. 5378 American Expr'ss.118 Northwest'rn pref.140 Ches. & Ohio 223 N. Y. Central 1084 Bar Silver-At New York, 83% c per ounce;

at London, 385/16d. LOCAL GRAIN AND PRODUCE.

Trade More Active, with Prices in Several Lines Unsettled.

A good deal of activity was noticeable on the wholesale streets yesterday. The morning trains brought in a number of buyers, and mail orders were large, and the filling of orders brought in on Saturday by the traveling salesmen made it busy times with the dry goods, grocery and produce houses. Poultry has dropped another 40 on increasing receipts. Eggs are weak at quotations. Onions are in light supply; and sold yesterday at \$4.25 per barrel. Tallow dropped another cent; receipts are large and demand slower. Turpentine advanced le per gallon and everything in the paint and oil line is firm. The seed market rules easy at quotations, the decline of the last week on clover being 50c per bushel. Apples are scarce and rotting badiy. Oranges are in better supply.

and prices easy. The grain market presents no new features. There was no session of the Board of Trade yesterday, and consequently no changes in quotations. Wheat-No. 2 red, 674c; No. 3 red, 61c;

No. 4 red, 55c; rejected, 50c; wagon wheat, Corn-No. 1 white, 41 1/2c; No. 2 white, 41 1/2c; No. 3 white, 41c, sales; No. 4 white, 374c; No. 2 white mixed, 40c; No. 3 white mixed, 89c; No. 4 white mixed, 5712c; No. 2 yellow, 89c; No. 3 yellow, 384o; No. 4 yellow, 374c; No. 2 mixed, 39 20; No. 3 mixed, 39c; ear,

WHEAT SLIDING DOWNWARD

Dear Money and Strike Gossip Caused the Chicago Market to Decline.

Weak at the Close and 11sc Off from Saturday's Price-Corn Firm and Higher-Provisions Irregular and Lower.

TRADING AT CHICAGO.

Wheat and Provisions Weak and Lower-Corn Firm and Higher. CHICAGO, March 6.-There were many discouraging features in the day's news to holders of wheat. Money at 35 per cent. in New York and talk of a strike among the railway switchmen of Chicago were, perhaps, the most depressing items. The market opened weak and closed weaker at a decline of 1 se since Saturday. Corn ruled firm and closed a shade higher than at the end of the previous week. Provisions were irregular over a considerable range, but in the main weak, and at no time did prices rise to the level of Saturday's closing figures. Pork is off :0c, lard .15c and ribs .10c. Wheat at the opening, was 4c lower than the closing figures of last Saturday. and after small fluctuations prices further declined to for May and %c for July, ruled quiet, and the closing was about 11sc lower for May and %c for July than on Saturday. The weather was milder, and the visible supply did not show the expected decrease which was a disappointment to the trade, and accountable in a large part for the sagging off of prices. It was expected by some that the visible supply would show at least 1,000,000 bushels decrease, but when it was quite evident that the decrease would be less than half that there was an inclination to sell. The market seemed to receive some support around the lower prices reached. None of the most prominent traders were credited with doing much to-day. There were some crop damage reports received from Indiana, Illinois and Missouri, while the crop in Kansas and Texas was reported in good condition. It was rumored that the State report of Missouri would show the condition to be about 60 per cent., but there was no confirmation. In the absence of decisive influences professional operators showed a disposition to act conservatively in the corn pit, pending the publication of the government supply report this week. Two or three houses covered short lines, and there was some trade, believed to be investment buying, with relatively little corn for sale. In the absence of pronounced bearishness in the movement of the crowd local shorts preferred to cover their lines, and the price was advanced 42 % o after the opening, until 44c was reached, which called out a few sellers. There was mild

talk of a better export inquiry, but clearances did no show any improvement, and cables were steady to firm. There was a fair trade in oats, and a stronger feeling early, due largely to the advance in corn. A feature was the increased business in the deferred futures, and "eptember was quite freely traded in for the first time this season. It was bought by Carriers, who sold June and July as a hedge at a good premium.

The close was about the bottom with a fractional loss. There was only moderate

Transfers, 18; consideration.....\$17,530.00 Care vs. Breed. Jersey Bulletin.

For fifteen years I have fed and milked

my own cows, and in that time have tried

all kinds of feed and nearly every kind of cow. Regularity as to time and quantity of feed has nearly as much to do with the quantity of milk as does the quality of feed. I try to feed my cows at the same time each morning and evening, and make the cow's appetite the gauge of the amount, always giving as near as possible just what she will eat up clean. I use as far as possible a mixed ration, composed of hay. grain and cottonseed meal, in the proportion of three parts of grain to one of cottonseed meal, with all the hay she can eat up clean. The best ration I ever used was composed of one part peas, two of corn and four of oats, well mixed and ground together. Of this I give from eight to twelve quarts per day, according to the size of the cow, the hay, of course, included. I give, in addition to the above. about three times a week, wheat bran, all they will eat, besides the parings of potatoes, turnips, etc., from the kitchen. To make good, pure milk, the cow must have pure water. Kindness and good shelter

fence, no matter what kind or how much food she had. One of Cleveland's Little Stories. Washington Special, in Detroit Tribune.

are also prime necessities in the man-

agement of a cow. The finest Jersey would

prove a failure if curried with the milking-

stool and sheltered with a barbed-wire

Grover Cleveland told Don Dickinson a good story to-day. He said: While thename of Carlos French, of Connecticut, was being mentioned in the papers as probable Secretary of the Navy, a guest in a Washington hotel was awakened at night by a terrible racket in an adjoining room. He called the night clerk and said that somebody was crying murder in the next room. The night clerk listened at the keyhole and reassured the guest by saying: "There is no cry of murder there. The man in the next room is crying 'Ship shoy,' 'Ship shoy.' That man is Carlos French, of Connecticut, and he thinks he is Secretary of the Navy."
